There is an excellent bus service to and from the City, and the College is within easy reach of the river, estuary and the Wolds; the interesting features of the district, together with its historical associations and its connections with an important seaport allow for first-hand study of Geography, Geology, Botany and History.

Accommodation.
The College buildings comprise, in separate blocks, the Educational Block, the Gymnasium, two Hostels—Wilberforce Hall with accommodation for 100 students and Marvell Hall with accommodation for 50 students—the Principal's residence and the Caretaker's Lodge. In all the buildings there is modern equipment of lighting, heating, etc. The College grounds are well-kept, and include Tennis Courts and playing fields for Cricket, Hockey, Net Ball.

Course of Study.

(a) **Two Year Course** in preparation for the Final Certificate Examination for Elementary Teachers; within this there are alternative courses for Senior Teachers, and for Infants and Junior Teachers. The Professional Instruction includes a study of the Principles of Teaching, Psychology and Ethics of Education, and the Method of Teaching all subjects in the Elementary School curricular and School Organisation.

There is now included for selected students the new **Advanced Course** in Physical Training for Teachers in Senior Schools.

All students play games and have Country Dancing, Greek Dancing, or Classes in Rhythmic Movement.

Teaching Practice is taken in the Schools of Hull and District, including the Central Schools. Opportunity is given to all students to gain some experience in Evening Play Centre work.

Visits of observation are paid to all the special schools in the District, to School Clinics, to Works' Schools and to Crèches. Students are brought into close touch with the School Medical Service through Special Lectures and visits of observation.

The work in the Academic subjects emphasizes their bearing on the professional side of the students' training, and on the Elementary School.

(b) **One Year Course** for Certificated Teachers or for Advanced Students (i.e., Graduates and Students who have passed the Higher Froebel Examinations) who wish to follow a Course of professional training.

(c) **Third Year Course**, continuous or deferred, in Art and Crafts. In addition to their practical training in the selected directions of Art and in the selected Crafts, 3rd Year students will follow a selected Professional Course, which will have reference in Theory and in Teaching Practice to Handicraft and Art Teaching in either the new Senior Schools or in Primary Schools.

For certain sections of the Art work, students will attend the Hull College of Art and Crafts.
